

2018 Sponsorship Opportunities

CORRIDOR COMMUNITIES GOLF OUTING

The 2018 Annual Corridor Communities Golf Outing will take place on **Monday, September 17, 2018**, at South Hills Country Club.

The proceeds from this event benefit redevelopment projects initiated by Economic Development South, the Brentwood Baldwin Whitehall Chamber of Commerce, and the Brentwood Business Owners Association. The Corridor Communities Golf Outing is a result of these three local organizations working together to promote the business and economic growth of our communities. Proceeds from the event enable these organizations to continue their work supporting our local neighborhoods. Though each group has its own mission, their combined efforts and support is evident through community development, annual student educational grants, and participation at annual events.

We are currently seeking event sponsors for activities throughout the day. We are able to create custom sponsorship packages to meet the needs of any business or organization.

We are also seeking raffle and door prize donations for the event.

If you are interested in any of our sponsorship opportunities, or have any questions, please contact Tim Hindes at tim@trailblazecreative.com or 412.480.3614.

About Our Cause

The Corridor Communities Golf Outing is a result of three local organizations working together to promote the business and economic growth of our communities. Proceeds from the event enable these organizations to continue their work supporting our local neighborhoods. Though each group has its own mission, their combined efforts and support is evident through community development, annual student educational grants, and participation at annual events.

Thriving by
community.

Economic Development South

The mission of Economic Development South is to strengthen our business and residential communities by building innovative partnerships.

EDS engages in activities and initiatives that reinforce and revitalize local commercial districts, while encouraging long-term, sustainable investment in our neighborhoods. EDS also pursues regional transportation, planning, and economic development policies and programs that help to further the mission, while working across municipal lines to encourage multi-municipal cooperation to address shared issues and concerns. Since 2011, EDS has raised nearly \$13 million for projects and initiatives in our communities! But this was only possible because of the incredible cooperation and collaboration of our member communities. Our member neighborhoods have contributed to EDS both financially (through annual contributions to support our operations) and through countless hours of service to our board and committees. Member communities include the Allegheny County boroughs of Brentwood, Baldwin, Whitehall, Castle Shannon, Mt. Oliver, Jefferson Hills, Pleasant Hills, Knoxville, Clairton, and Bethel Park; and the City of Pittsburgh neighborhoods of Carrick, Overbrook, and Brookline. **EDS is most pleased to provide a return on that investment. In fact, for every dollar contributed to EDS, almost \$15 in grant funds was raised.**

Brentwood Baldwin Whitehall Chamber of Commerce

The Brentwood Baldwin Whitehall (BBW) Chamber of Commerce was formed in 1959 and currently has over 160 members serving our South Hills area. The mission of the BBW Chamber of Commerce is to help make our communities a better place to live, shop and do business. We are here to support the businesses and the residents of our local neighborhoods; and all funds raised go towards supporting our mission. The BBW Chamber to serve as your resource to the local community: we promote and participate in community events such as Community Days and parades, support local redevelopment efforts and provide networking opportunities for our members. The BBW Chamber also funds an annual educational grant to selected seniors at Brentwood and Baldwin High Schools. The BBW Chamber has monthly luncheons on the first Thursday of the month from September through June, and Women's Luncheons on the second Friday of the month. For more information, visit at our website www.bbwwchamber.com and follow us on Facebook and Twitter, join us on LinkedIn.

Brentwood Business Owner's Association

The mission of the Brentwood Business Owner's Association is to provide a vehicle for Brentwood business owners to organize their efforts in the development and promotion of area businesses, provide advocacy in the resolution of problems and obstacles impeding business growth and development, provide a representative voice with local government, and enhance a cooperative relationship among the business community, residents of Brentwood, and the local government.
