***Outliers: The Story of Success by Malcolm Gladwell***

In this stunning new book, Malcolm Gladwell takes us on an intellectual journey through the world of "outliers"--the best and the brightest, the most famous and the most successful. He asks the question: what makes high-achievers different? His answer is that we pay too much attention to what successful people are like, and too little attention to where they are from: that is, their culture, their family, their generation, and the idiosyncratic experiences of their upbringing.

Brilliant and entertaining, *Outliers* is a landmark work that will simultaneously delight and illuminate.
