

## **Mutuality and the Difference it Makes for Dollar Bank Customers**

Did you know that Dollar Bank is the largest independent mutual bank in the nation? Many people do not know what being a mutual bank means or why that could be meaningful for them.

Dollar Bank is not owned by stockholders. We manage this institution to develop long-term relationships with our depositors and loan customers. We do not manage our daily activities for quarterly dividends paid to stockholders.

Through thoughtful interaction, we strive to learn the uniqueness of each of the customers we serve. Dollar Bank representatives don't work on commission. Therefore, we don't try to sell services and products that customers don't need or want.

We recognize that our strength and stability corresponds directly with the strength and stability of our customers. Depositors, borrowers, business owners... we are in this together and that is probably not something you've heard from your banker before.

Our Dollar Bank Brentwood staff is committed to providing quality service and offering solutions for the personal and business financial needs of this community. Stop in and see us today!
