ESB Bank....A solid bank for a solid future!

Founded in 1915 in Ellwood City, ESB has experienced guided growth and is one of only a few remaining locally owned and operated banks in Western Pennsylvania. At ESB Bank, you will find a full-service financial institution offering virtually every financial option you will ever need, yet we remain a community-based bank, meaning you will get personalized service and attention from people who live and work right here in your neighborhood.

The bottom line is we combine top-tier products with superior customer service from people you can trust. We are proud and honored that ESB Bank was recently recognized by SNL Financial and Bauer Financial, for superior financial stability, as well as, being recognized as a Best Places to Work in Western PA.

ESB currently has 24 branch offices throughout Allegheny, Butler, Lawrence, and Beaver Counties. We are in the process of building our 25th branch office which will be located in Cranberry PA and scheduled to open in the fourth quarter of 2011.

Our Baldwin Office is managed by Barbara Martinelli. Barb has been with the ESB Bank Team, since 1997. She is a resident of the South Hills and brings more than 14 years of banking knowledge and quality customer service skills to the table.

Quoting Barb, "I am honored to work with ESB Bank. All employees work as a team, providing excellent customer service in addition to contributing time and resources to the communities in which we work." "I enjoy working with the clients of the Baldwin Office, and will continue to help them achieve their financial goals."
