

Angels and Beyond

On behalf of the families served by SHIM, we want to thank the Chamber for helping to make our 2014 Angel Emporium a success. This year, 996 individuals – adults and children – received holiday gifts thanks to generous donations from the community.

Over the past four years, the Brentwood Baldwin Whitehall Chamber has contributed more than \$3,000 in cash and trunk loads of food and holiday gifts to support SHIM's mission. What this means to us at SHIM is that your vision to make the community a better place to live is realized because of you – local business people who come together to “walk the talk.”

As we move into the New Year – we hope we can count on your continued support. Our second annual “Sack Hunger” campaign officially kicks into gear on February 1 and our goal this year is even bigger. Locally Neishloss & Fleming, Inc. and The Casey Family Foundation have combined forces to match contributions during the six-week campaign up to \$30,000. This amazing matching means that every dollar donated to SHIM's food pantries during the campaign immediately doubles. Chamber members can participate by hosting food drives and SHIM will provide all the necessary tools. Call Tim or Ann at SHIM for more information!

Again, thank YOU – the Chamber members, business owners, professionals and residents – who understand the importance of vibrant communities and the need to “take care of our own.” We simply could not do it without you.

Warmly

Jim Guffey
Executive Director
SHIM
