

Associate Member

The vision of our Brentwood-Baldwin-Whitehall Chamber of Commerce is to make our community a better place to live, shop and do business.

I have lived in Whitehall for 50 years. I like to shop locally at businesses that I know and like. I had a business in the Caste Village Shops named the Gallery of Treats for 25 years. I have been a member of our Chamber of Commerce for about 20 years, served on the Board of Directors for 6 years and as president for 2 years. During these twenty years, I have met the great and interesting Chamber members and have made many life time friends.

Prior to joining our Chamber of Commerce, I was employed by Alcoa as an Industrial Engineer, WABCO as a production and inventory management expert and Westinghouse Electric as a general management consultant. After I retired from Westinghouse Electric as the Director of the Corporate Productivity and Quality Center and sold the Gallery of Treats business, my Chamber membership status changed to "Associate Member".

I have thoroughly enjoyed this membership status to be able to continue my social relationships at our monthly lunches and other activities. I am committed to our Chamber's vision "to make our community a better place to live, shop and do business." That is why I give unsolicited advice to our Chamber officers and directors and businesses in our community.

If you like being a member of our Chamber of Commerce, I invite you to become an Associate Member when you retire from your company or sell your business.
