

Residents at Atria South Hills enjoy a social environment with all the comforts of home. The community not only provides residents with a place to live, but a second family and the support they need to live more independently. Services are provided by a tenured and dedicated staff and include an emergency call system in every apartment, housekeeping services, transportation and medication assistance, as needed. Atria South Hills also offers on-site physical therapy through outside providers and respite stays for those looking to experience assisted living on a short-term basis.

Residents can choose from spacious studio apartments or one-bedroom floor plans. Other community amenities include three spacious courtyards with a pond, a concierge, a 24-hour café, a library, a theater and Wi-Fi access. The community's convenient location keeps residents close to shopping, places of worship and restaurants.

Atria's signature Engage Life® programs are tailored to satisfy residents' educational, social and cultural needs – and fill their calendars. Residents also enjoy a flavorful dining experience with three restaurant-style meals made from scratch with fresh, seasonal ingredients that reflect local taste, and are served daily by a professional, friendly staff.

Atria South Hills is operated by Atria Senior Living, one of the nation's leading providers of independent living, assisted living and memory care services. Atria is home to more than 15,000 older Americans in 27 states, and its communities provide respectful, quality services designed to promote independence and help seniors enjoy a fulfilling lifestyle.
