

Passport to Pittsburgh, LLC

Just as the Allegheny, Monongahela and Ohio Rivers seamlessly converge at beautiful Point State Park in Pittsburgh, so have my three distinct career paths come together to create a thriving custom tour business called "Passport to Pittsburgh, LLC". The path to this entrepreneurial dream was long and windy. I had a wonderful career as a Brentwood School Teacher and retired to raise

my sons. It was then I started a professional storytelling business called Characters by Kim, www.charactersbykim.com, now in its 23rd year. Around four years ago, I started tour guiding in the summers for a Pittsburgh transportation company as a contractor and realized that I could do it better and make more money too! That's when I started Passport to Pittsburgh, a custom tour design company for Pittsburgh and beyond. I am happily approaching my 2- year anniversary!!

On a Passport to Pittsburgh tour you will experience Pittsburgh like never before. Each tour is customized to your groups interests, desires and abilities. We charter tours for groups of 15 or more and provide team building events, celebrations and group outings. My Passport to Pittsburgh "Tourism Trifecta" guarantees: Knowledge, Experience and Fun on every adventure. You will Taste, Explore and Discover the hidden gems, cultural treasures and iconic attractions of Pittsburgh in a new way. Please visit my website, www.passporttopittsburgh.com and follow us on Facebook. I am certain a special adventure awaits you with Passport to Pittsburgh.
