

TWO MEN AND A TRUCK®

It has been over 11 years since Ray and I opened the Pittsburgh franchise of **TWO MEN AND A TRUCK®** and we were determined to succeed by exceeding our customers' expectations! We are a full-service moving company. We can move your home or your office. We go locally, and we go long distance too. We will do as little or as much as you need to have done. Since opening in 2005 with two trucks, we have increased our fleet to 20 trucks. We are proud to employ over 50 employees who live by our core value of "The Grandma Rule": to treat everyone the way you would want your Grandma treated!

It has been an amazing ride, and the members of the Brentwood Baldwin Whitehall Chamber have played a big role in getting our message out to the public. We are delighted to have moved so many of you, your homes and your businesses. You referred us to friends and family. Thank you for your trust. Additionally, you have helped us facilitate opportunities to give back to this community. Each fall we transport the books for the Whitehall Library Book sale and fund raising event. Our signature event, **Movers for Moms**, occurs during the month of April. This year SHIM gave us a list of needed items by mothers in our community. Our generous partners collect the items, and we do all the logistics and sorting so that the donated items are available for Mothers Day distribution. Our participating partners from this chamber include: all of the Baldwin Whitehall School buildings, Benson Lincoln, First Commonwealth Bank, John F. Slater Funeral Home, Zoe's Beer, Coldwell Banker Real Estate, and Whitehall Library. Thank you for your generous caring nature. It has been a joy to work with all of you.

Without a doubt, this chamber has been an asset to our growth!

Dottie Coll, President
